00412 EXPRESS WASH

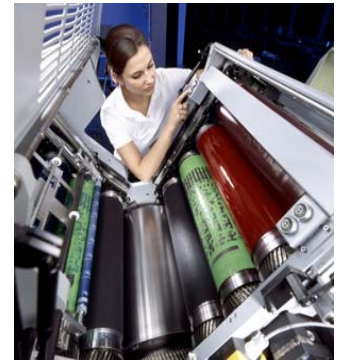

FAST DRYING BLANKET WASH

Application

Economical & intensive fast drying blanket wash. Suitable for manual washing on all sheetfed and web offset presses.

Benefits

Low odour blend of active solvents. Free of emulsifiers for clean quick start ups. Superb cutting power removes all gum glaze and residue. Fast drying for low downtime.

Instructions

Ideally suited to manual blanket washing and general cleaning. Maximum effectiveness and is obtained by using in concentrated form direct from container with clean lint free cloth. Will not leave

greasy residue due to emulsifier free formulation. Inbuilt rubber conditioners maintain rubber suppleness and reduce chance of rubber swell. May be used as an intensive roller wash and deglazer.

“Hi tech solutions for tomorrow developed today”

Fluid Technologies

Committed to excellence and distinguished by high quality innovative technology.

With a vision to revitalize the industry, its philosophies, and technologies.

Fluid Technologies has a sole focus on technologically driven fluids for the Printing Industry.

Partner with the true press chemical professionals for superior products, realistic prices and exceptional service!
