FULL DAMPENER SYSTEM CLEANER**

Application

Safe detergent based agent for full dampening line decontamination on all presses. Also highly effective in cleaning cloth dampeners.

Benefits

Highly concentrated and effective flushing aid for removal of Ink, Calcium and slime from dampening system. Also effective in cleaning cloth dampeners.

Instructions

For flushing: Mix at 20% with clean water (or stronger) and allow to circulate for 1 hour. At same time flush Doser by mixing a 15% solution with water in a clean container and place in line. Raise doser rate to maximum and allow mixture to pump thru

unit until clean and clear. Drain and replenish with fresh water and allow to circulate then rinse well. Clean trays, replace all filters.

For cloth dampeners: Apply liberally to dampeners in wash bath and lightly scrub to cut ink film. Flush well with water at least twice.
